**NOTICE OF FILING
SIB STATUS REPORT**

Willow Valley Water Co., Inc. (“Willow Valley”) submits this SIB status report. The Commission approved a System Improvement Benefit (“SIB”) Mechanism in Decision No. 74364 (Feb. 26, 2014). This Decision requires Willow Valley to submit a SIB status report each six months. To date, Willow Valley has not constructed any SIB projects. However, Willow Valley has continued to prepare for its anticipated SIB projects, and Willow Valley anticipates beginning construction on SIB projects in 2016.

Willow Valley has undertaken a number of steps to prepare for construction of SIB projects. Willow Valley’s Engineering and Construction Staff conducted a thorough on-site data collection effort and concluded the finite details of the project- including the service lateral installation locations for each individual customer. During this on-site effort, Willow Valley’s staff contacted and met with the appropriate City and County agencies to discuss the details of the projects, obtain the required construction specifications, and determine the necessary permitting processes. The team compiled this information and hired an engineering firm to produce the detailed construction drawings- which have been completed. These drawings will be submitted to a list of pre-selected contractors to obtain bids and award a contract for construction. The company will also submit plans and permit applications to all pertinent governing agencies and obtain all

1 proper approvals prior to mobilizing for construction. Willow Valley has planned for construction
2 to begin in 2016.
